Francesca Morfini

Department of Psychology
Northeastern University
805 Columbus Avenue
Boston, MA 02115, USA
Citizenship: Italian
Residency: US (Green Card holder)
Email: f.morfini.work@gmail.com
Personal website: fmorfini.github.io

Education and Training

2019 - 2025 **Ph.D. in Psychology** (Cognitive Neuroscience) Northeastern University, USA
Advisors: Susan Whitfield-Gabrieli, Randy P. Auerbach (Columbia University), Juliet Y. Davidow

2014 **M.S. in Psychology** (Clinical) San Raffaele University, Italy
Advisor: Laura Bellodi

2011 **B.S. in Psychology and Neuroscience** San Raffaele University, Italy
Advisor: Clelia DiSerio

Licensure

2016 - Present Licensed Psychologist, Italy (License #18591)

Fellowships and awards

Center for Cognitive and Brain Health	Graduate Fellowship (1year)	2024-25
Society of Biological Psychiatry (SOBP)	Pre-Doc Travel Award	2024
Psychology Department Northeastern University	Travel Award	2020-2024
PhD Network Northeastern University	Travel Award	2020-2024
College of Science Northeastern University	Travel Award	2020-2024
International OCD Foundation Conference	Travel Award	2017
European Union ERASMUS Program	Scholarship	2010

Research experience

2019-2025 **Ph.D. Graduate Student Researcher**
Northeastern University, Boston, USA
Department of Psychology
Advisors: Susan Whitfield-Gabrieli, Ph.D. and Juliet Y. Davidow, Ph.D.

2018-19 **Visiting Scholar**
Harvard University, Cambridge, MA
Department of Psychology
Mentor: Jill M. Hooley, Ph.D.

2016-18 **Research Assistant**
University of California, Los Angeles, CA
Semel Institute for Neuroscience and Human Behavior
Mentor: Jamie Feusner, M.D.

Clinical experience

07-08/2016 **Clinical Trainee**
Cognitive-Behavioral Therapy Training Program
Anxiety Disorders Clinic
University of California, Los Angeles, CA
Supervisor: Jamie Feusner, M.D.

05-07/2016 **Clinical Trainee**
Health Professional Observer Program
Ronald Reagan Hospital
University of California, Los Angeles, CA
Supervisor: Michael Strober, Ph.D.

2016 - Present **Licensed Psychologist**
Board of Psychologists of Lombardy, Italy
Licensing number: 18591

2014-15 **Post-Graduate Clinical Intern**
Center for Anxiety and Eating Disorders
San Raffaele Hospital, Milan, Italy
Supervisor: Laura Bellodi, M.D.

A manual for the installation and use of MURFI, a software package for real-time processing of functional brain images for neuroscience applications. https://doi.org/10.17504/protocols.io.b5afq2bn

Invited talks

2025 (June) **University of Rhode Island**, Dr. Logan Lab, Kingston, RI, USA
"Neural correlates of future severity of anxiety and depression in adolescence"

2025 (March) **McLean Hospital**, Dr. Webb Lab, Boston, MA, USA
"*Neural correlates of future severity of anxiety and depression in adolescence*"

2024 (Nov) **Harvard University**, Dr. Somerville Lab, Boston, MA, USA
"*Neural correlates of future severity of anxiety and depression in adolescence*"

2024 (Nov) **Northeastern University**, Neuroscience Seminar Series, Boston, MA, USA
"*Neural correlates of future severity of anxiety and depression in adolescence*"

2024 (Nov) **Columbia University**, Dr. Auerbach Lab, New York, NY, USA
"*Neural correlates of future severity of anxiety and depression in adolescence*"

2024 (Oct) **Massachusetts General Hospital**, Dr. Choi Lab, Boston, MA, USA
"Brain features associated with prospective severity of anxiety and depression in adolescence"

2022 (July) **Columbia University**, Dr. Auerbach Lab, New York, NY, USA
"Brain Functional Connectivity Predicts Anxiety and Depression in Children and Adolescents: A Machine-Learning Study of Independent Longitudinal Samples"

2021 (June) **Northeastern University**, Research on AdoLescence group, Boston, MA, USA
"Multimodal Prediction of Depressive Symptom Improvement in Adolescence"

2021 (Mar) **Northeastern University**, Master's Convention, Boston, MA, USA
"Understanding Depressive Symptoms Change in Adolescence"

2021 (Feb) **Northeastern University**, Center for Cognitive and Brain Health, Boston, MA, USA
"Understanding Depressive Symptoms Change Over Time in Adolescence"

2020 (May) **Northeastern University**, Boston Psychology Graduate Symposium, Boston, MA, USA
"*Resting-State Connectivity Associated with Changes in Anxiety Symptoms in Adolescence*"

2020 (Mar) **Northeastern University**, Provost and Board of Directors (with advisor), Boston, MA, USA
"What Northeastern should do next for PhD education and increase success in research. The importance of the matching process between Faculty Mentor and Ph.D. student"
(Canceled due to COVID)

2020 (Feb) **Northeastern University**, Research on AdoLescence group, Boston, MA, USA

"Brain Connectomics Predict Longitudinal Symptom Change in Depression"

2018 (Nov) **Harvard University**, Dr. Hooley Lab, Cambridge, MA, USA
"Abnormal Brain Activation and Connectivity in Anorexia Nervosa and Body Dysmorphic Disorder"

Teaching experience

(Teaching assistant. Course levels: G, graduate PhD; I, international all levels; U, undergraduate)

Institution and Semester	Title	Course Level	Professor
Northeastern University			
2024 (Spring)	Laboratory in Cognition	U	Eidson
2023 (Spring)	Graduate Quantitative Methods II	G	DeSteno
2022 (Fall)	Statistics in Psychological Research	U	Eidson
2022 (Spring)	Statistics in Psychological Research	U	Halko
2021 (Fall)	Statistics in Psychological Research	U	Halko
2020 (Fall)	Statistics in Psychological Research	U	Halko
2020 (Spring)	Laboratory in Cognition	U	Baker
Martinos / Massachusetts General Hospital / Harvard Program			
2022 (Fall)	fMRI Connectivity Analysis with CONN	I	Nieto-Castañón
2021 (Fall)	fMRI Connectivity Analysis with CONN	I	Nieto-Castañón
2021 (Spring)	fMRI Connectivity Analysis with CONN	I	Nieto-Castañón

Invited lectures

2024, 2022 **Harvard -MIT**, Health Sciences and Technology Program, Boston, MA, USA
Functional Magnetic Resonance Imaging: Data Acquisition and Analysis
Directors: Anastasia Yendiki, Jonathan Polimeni

2023 (July) **Organization for Human Brain Mapping**, Educational Course, Montreal, Canada
Making Quality Control Part of Your Analysis: Learning with the FMRI Open QC Project
"Functional Connectivity MRI Quality Control Procedures in CONN"

2021 (Aug) **Northeastern University**, Boston, MA, USA
MRI Users Group workshop series
"Optimization of BIDS-App on High Performance Computing Clusters"

Mentoring experience

Semester	Name	Institution	Subsequent Position
2021 - 2022	Tanushka Dewan	Northeastern University	Continued Undergraduate Studies
2021	Chelsea Ajunwa	MIT	PhD in Psychology, Northeastern University
2021	Arjun Valay	Northeastern University	Continued Undergraduate Studies
2021 - 2022	Emma Tusuzian	Northeastern University	Co-op Student, Northeastern University
2020	Kathryn Margiotta	Northeastern University	Co-op Student, McLean Hospital

Leadership and service

2025 **Abstract Reviewer**, Flux Society

2024	**Editor**, Application Statement Feedback Program (ASFP) for underrepresented communities
2021	**Organizer** and **Founder** (with Dr Davidow), MRI Group Seminars, Northeastern University
2019 - 2020	**Organizer**, Seminars for Center for Cognitive and Brain Health, Northeastern University
2020 - present	**Mentor** (2-3 students/semester), Graduate Mentoring Program, Northeastern University
2020 - present	**Graduate Guide**, Prospective PhD Interview Weekend, Northeastern University

Ad Hoc reviewer

- Translational Psychiatry
- Neuropsychopharmacology
- Imaging Neuroscience
- Frontiers in Psychology
- BMC Psychiatry
- Molecular Neurobiology
- Brain Research
- Open Research Europe
- Journal of Psychopathology and Clinical Science (with advisor)
- Journal of Child Psychology and Psychiatry (with advisor)

Professional associations

Flux Society
Organization for Human Brain Mapping (OHBM)
Anxiety and Depression Association of America (ADAA)

Outreach

2024 **Presenter at high school lecture series at Northeastern University**
"*Introductory demonstration on brain functional connectivity*"

2022 **Speaker for Grad School Mentoring Program at Northeastern University**
"Degree Programs in Psychology: PhD vs PsyD"

2020 **Speaker for ABCT Think Tank on Neuroscience**
"How Clinicians Can Use Contemporary Neurocognitive Research in the Real World"

2011 - 2016 **Fundraiser, Center for Research and Innovation in Neurological Disorders, Italy**

Selected skills

Programming languages	Python, MATLAB, R, Unix bash, HTML
Magnetic resonance imaging (MRI)	**Softwares**: FSL, CONN Toolbox, SPM, BIDS-App, fMRIprep, MRIQC, Murfi system for real-time fMRI neurofeedback, BrainNetViewer; **Python packages**: nipype, nilearn, statsmodels, pandas, ...
Electroencephalogram (EEG)	HAPPE, MNE-Python
Statistics	**Machine learning**: scikit-learn, multivariate pattern analysis (MVPA), connectome-based predictive modelling (CPM); **Bayesian statistics**: pyJags, pyStan; **Misc**: R, SPSS, python-packages (NumPy, SciPy, ...)
Reproducible science	Git/Github, JupyterLab, Singularity, SLURM HPC systems
Stimuli preparation	PsychoPy, PsychToolbox, Presentation NBS, E-Prime, ImageMagick, FantaMorph, ImageJ
Laboratory	Eye-tracking, BIOPAC, BIAS, CANTAB
Clinical	Licensed clinical psychologist for: diagnostic interviews, psychological and counseling support for individuals and groups, neurocognitive testing, psychological testing

Languages

English: Fluent
Spanish: Fluent
Italian: Native speaker
