Research interests

I am a Postdoctoral Research Fellow Harvard Medical School and McLean Hospital, specializing in cognitive and clinical psychology. My research employs advanced machine learning and integrates multimodal data—including magnetic resonance imaging, ecological momentary assessment, and passive sensing—to investigate how cognitive processes and brain function interact to influence mental health outcomes, especially for depression and anxiety in adolescents.

Appointments

9/2025 – Present	Research Fellow Department of Psychiatry Advisor: Christian A. Webb, Ph.D.	Harvard Medical School, USA
9/2025 – Present	Postdoctoral Research Fellow Center for Depression, Anxiety and Stress Research Advisor: Christian A. Webb, Ph.D.	McLean Hospital, USA
2/2016 – 9/2018	Research Assistant Semel Institute for Neuroscience and Human Behavior Mentor: Jamie Feusner, M.D.	UCLA, USA

Education

9/2019 – 8/2025	Ph.D. in Psychology (Cognitive Psychology) Advisors: Susan Whitfield-Gabrieli, Ph.D. Randy P. Auerbach (Columbia University), Ph.D., ABPP Juliet Y. Davidow, Ph.D.	Northeastern University, USA
9/2018 – 8/2019	Visiting Scholar Department of Psychology Mentor: Jill M. Hooley, Ph.D.	Harvard University, USA
2/2014 – 2/2015	Post-Graduate Clinical Internship Center for Anxiety and Eating Disorders Supervisor: Laura Bellodi, M.D.	San Raffaele Hospital, Italy
9/2011 – 2/2014	M.S. in Psychology (Clinical) Advisor: Laura Bellodi, M.D.	San Raffaele University, Italy
1/2010 – 6/2010	EU Erasmus Program Study Abroad	Universidad Autonoma, Spain
9/2008 – 9/2011	B.S. in Psychology (Clinical and Neuroscience) Advisor: Clelia DiSerio, Ph.D.	San Raffaele University, Italy

Licensure

2016 - Present Licensed Psychologist, Section A of the Board of Psychologists of Lombardy, Italy
License #18591

Honors and Awards

Society of Biological Psychiatry (SOBP)	Pre-Doc Travel Award	2025
Psychology Department Northeastern University	Travel Award	2020, '21, '22, '23, '24, '25
PhD Network Northeastern University	Travel Award	2020, '21, '22, '23, '24
College of Science Northeastern University	Travel Award	2020, '21, '22, '23, '24
International OCD Foundation	Travel Award	2017
European Union, ERASMUS Study Abroad	Scholarship	2010

Past Research Grants and Fellowships

2024 - 2025 **Center for Cognitive and Brain Health at Northeastern University**

Interdisciplinary Graduate Student Fellowship

Title: *Cognitive control, brain maturation, and their relationship with concurrent and longitudinal depression and anxiety in adolescence*

Summary: This project seeks to prospectively predict depression and anxiety symptoms severity in adolescents leveraging baseline multimodal neuroimaging features.

Role: Principal Investigator

Award: \$42,781

Publications

20 published manuscripts (16 peer-reviewed, 4 preprints). [Google Scholar](#) h-index = 10, i10-index = 10 and [Scopus](#) h-index = 9.

Baseline functional connectivity predicts changes in attentional and mood symptoms in adolescents with depression and/or anxiety. *Society of Biological Psychiatry*.
- [10] Bauer, C. C. C., Zhang, J., **Morfini, F.**, Lee, Y., Raya, J., Awad, A. I., Stone, L. M. D., Shinn, A. K., Whitfield-Gabrieli, S., Niznikiewicz, M. A. (2021). Baseline functional connectivity between default mode network and auditory cortex predicts improvement in auditory hallucination following real-time neurofeedback in schizophrenia. *Society of Biological Psychiatry*.
- [9] Zhang, J., **Morfini, F.**, Lee, Y., Nieto-Castañón, A., Yendiki, A., Hubbard, N., Siless, V., Frosch, I., Goncalves, M., Lo, N., Hofmann, S. G., Auerbach, R. P., Pizzagalli, D. A., Gabrieli, J. D., Whitfield-Gabrieli, S. (2020). Multimodal Brain Connectomics Predict Longitudinal Symptom Change in Adolescent Depression. *Society of Biological Psychiatry*.
- [8] Feusner, J. D., Deshpande, R., Bohon, C., Lawrence, K. E., Moody, T. D., **Morfini, F.**, Khalsa, S. S., Goldbeck, J., Strober, M., (2018). Aberrant fronto-limbic dynamic connectivity for fear processing in anorexia nervosa and body dysmorphic disorder. *Eating Disorders Research Society*.
- [7] Moody, T. D., **Morfini, F.**, Deshpande, R., Ly, R., Sheen, C., Feusner, J. D. (2018). Visual Modulation of the Dorsal Visual Stream in Body Dysmorphic Disorder Using Short-Duration Visual Stimuli. *Society of Biological Psychiatry*.
- [6] Cheng, G. K., **Morfini, F.**, Moody, T. D., Feusner, J. D. (2017). Brain Activation and Connectivity in BDD and Anorexia Nervosa when Viewing Bodies. *International OCD Foundation*.

- [5] Tadayon-Nejad, R., Deshpande, R., Moody, T. D., **Morfini, F.**, Ly, R., O'Neill, J., Feusner, J. D. (2017). Biochemical-connectivity-psychological model of comorbid depression in OCD: an integrated fMRI/1H MRS study. *Society of Biological Psychiatry*.
- [4] Deshpande, R., Moody, T. D., Ly, R., Sheen, C., Potter, G., Cheng, G. K., **Morfini, F.**, Feusner, J. D. (2017). Dynamics of Visual Processing Abnormalities in Body Dysmorphic Disorder. *Society of Biological Psychiatry*.
- [3] Feusner, J. D., Reggente, N., Moody, T. D., **Morfini, F.**, Rissman, J., O'Neil, J. (2016). Prediction of response to cognitive-behavioral therapy in obsessive-compulsive disorder: a multivariate analysis of resting state functional connectivity. *UCLA Brain Research Institute*.
- [2] Feusner, J. D., Reggente, N., Moody, T. D., **Morfini, F.**, Rissman, J., O'Neil, J. (2016). Prediction of response to cognitive-behavioral therapy in obsessive-compulsive disorder: a multivariate analysis of resting state functional connectivity. *American College of Neuropsychopharmacology*.
- [1] Martoni, R.M., Rancoita, R., De Filippis, R., **Morfini, F.**, Cavallini, M.C., Galimberti, E., Bellodi, L. (2015). Risky decision strategies in Healthy Subjects and Obsessive-Compulsive Patients and their interaction with clinical variables. *European Congress of Psychology*.

Invited talks

- | | |
|---------|--|
| 3/2026 | Tufts University , Tufts NeuroNetwork, Boston, MA, USA
"Neuroscience Career Pathways Panel" |
| 2/2026 | University of Cambridge , Dr. Bossaerts Laboratory, Cambridge, UK
"Real-time fMRI neurofeedback as a neuromodulation intervention for clinical symptoms" |
| 10/2025 | Northeastern University , Research on Iron Group, Boston, MA, USA
"Brain-tissue iron for depression: new insights from (B)OLD fMRI data" |
| 6/2025 | University of Rhode Island , Dr. Logan Laboratory, Kingston, RI, USA
"Neural correlates of future severity of anxiety and depression in adolescence" |
| 3/2025 | McLean Hospital / Harvard Medical School , Dr. Webb Laboratory, Boston, MA, USA
"Neural correlates of future severity of anxiety and depression in adolescence" |
| 11/2024 | Harvard University , Dr. Somerville Laboratory, Boston, MA, USA
"Neural correlates of future severity of anxiety and depression in adolescence" |
| 11/2024 | Northeastern University , Neuroscience Seminar Series, Boston, MA, USA
"Neural correlates of future severity of anxiety and depression in adolescence" |
| 11/2024 | Columbia University , Dr. Auerbach Laboratory, New York, NY, USA
"Neural correlates of future severity of anxiety and depression in adolescence" |
| 10/2024 | MGH / Harvard Medical School , Dr. Choi Laboratory, Boston, MA, USA
"Brain features associated with prospective severity of anxiety and depression in adolescence" |
| 7/2022 | Columbia University , Dr. Auerbach Laboratory, New York, NY, USA
"Brain Functional Connectivity Predicts Anxiety and Depression in Children and Adolescents: A Machine-Learning Study of Independent Longitudinal Samples" |
| 6/2021 | Northeastern University , Research on Adolescence group, Boston, MA, USA
"Multimodal Prediction of Depressive Symptom Improvement in Adolescence" |

3/2021	Northeastern University , Master's Convention, Boston, MA, USA <i>"Understanding Depressive Symptoms Change in Adolescence"</i>
2/2021	Northeastern University , Center for Cognitive and Brain Health, Boston, MA, USA <i>"Understanding Depressive Symptoms Change Over Time in Adolescence"</i>
5/2020	Northeastern University , Boston Psychology Graduate Symposium, Boston, MA, USA <i>"Resting-State Connectivity Associated with Changes in Anxiety Symptoms in Adolescence"</i>
3/2020	Northeastern University , Provost and Board of Directors (with advisor), Boston, MA, USA <i>"What Northeastern should do next for PhD education and increase success in research. The importance of the matching process between Faculty Mentor and Ph.D. student"</i> (Canceled due to COVID)
2/2020	Northeastern University , Research on Adolescence group, Boston, MA, USA <i>"Brain Connectomics Predict Longitudinal Symptom Change in Depression"</i>
11/2018	Harvard University , Dr. Hooley Laboratory, Cambridge, MA, USA <i>"Abnormal Brain Activation and Connectivity in Anorexia Nervosa and Body Dysmorphic Disorder"</i>

Invited lectures

2024, 2022	Harvard-MIT , Health Sciences and Technology Program, Boston, MA, USA Functional Magnetic Resonance Imaging: Data Acquisition and Analysis Directors: Anastasia Yendiki, Jonathan Polimeni
2023	Organization for Human Brain Mapping , Educational Course, Montreal, Canada Making Quality Control Part of Your Analysis: Learning with the FMRI Open QC Project <i>"Functional Connectivity MRI Quality Control Procedures in CONN"</i>
2021	Northeastern University , Boston, MA, USA MRI Users Group Workshop Series <i>"Optimization of BIDS-App on High Performance Computing Clusters"</i>

Teaching experience

Teaching assistant for international workshops (I), doctoral (PhD), and undergraduate (U) courses.

<u>Institution and Semester</u>	<u>Title</u>	<u>Course Level</u>	<u>Professor</u>
Harvard Medical School / Massachusetts General Hospital			
9/2025	Predictive Models in Neuroimaging	I	Nieto-Castañón
Harvard Medical School / Martinos Center			
10/2022	fMRI Connectivity Analysis with CONN	I	Nieto-Castañón
10/2021	fMRI Connectivity Analysis with CONN	I	Nieto-Castañón
3/2021	fMRI Connectivity Analysis with CONN	I	Nieto-Castañón
Northeastern University			
2024 (Spring)	Laboratory in Cognition	U	Eidson
2023 (Spring)	Graduate Quantitative Methods II	PhD	DeSteno
2022 (Fall)	Statistics in Psychological Research	U	Eidson
2022 (Spring)	Statistics in Psychological Research	U	Halko
2021 (Fall)	Statistics in Psychological Research	U	Halko

2020 (Fall)	Statistics in Psychological Research	U	Halko
2020 (Spring)	Laboratory in Cognition	U	Baker

Mentoring experience

Semester	Name	Institution	Subsequent Position
2021 - 2022	Tanushka Dewan	Northeastern University	Continued Undergraduate Studies
2021	Chelsea Ajunwa	MIT	PhD in Psychology, Northeastern University
2021	Arjun Valay	Northeastern University	Continued Undergraduate Studies
2021 - 2022	Emma Tusuzian	Northeastern University	Clinical Research Assistant II, McLean Hospital
2020	Kathryn Margiotta	Northeastern University	Clinical Research Assistant II, McLean Hospital

Leadership and service

2025	Abstract Reviewer , Flux International Society for Developmental Cognitive Neuroscience
2024	Editor , Application Statement Feedback Program (ASFP) for underrepresented communities
2021	Organizer and Founder (with Dr Davidow), MRI Group Seminars, Northeastern University
2020 - present	Mentor (2-3 students/semester), Graduate Mentoring Program, Northeastern University
2020 - 2025	Graduate Guide , Prospective PhD Interview Weekend, Northeastern University
2019 - 2020	Organizer , Seminars for Center for Cognitive and Brain Health, Northeastern University

Professional associations

Anxiety and Depression Association of America (ADAA)
 American Psychological Association (APA)
 Flux Society
 Organization for Human Brain Mapping (OHBM)
 Society of Biological Psychiatry (SOBP)

Outreach

2026	Invited panelist at Tufts NeuroNetwork at Tufts University “Neuroscience Career Pathways Panel”
2024	Presenter at the high school lecture series at Northeastern University “Introductory demonstration on brain functional connectivity”

- 2022 **Speaker for Grad School Mentoring Program at Northeastern University**
“Degree Programs in Psychology: PhD vs PsyD”
- 2020 **Speaker for ABCT Think Tank on Neuroscience**
“How Clinicians Can Use Contemporary Neurocognitive Research in the Real World”
- 2011 - 2016 **Fundraiser, Center for Research and Innovation in Neurological Disorders, Italy**

Selected skills

Programming languages	Python, MATLAB, R, Unix bash, HTML
Magnetic resonance imaging (MRI)	Software: FSL, CONN Toolbox, SPM, BIDS-App, fMRIPrep, MRIQC, MURFI system for real-time fMRI neurofeedback, BrainNetViewer; Python packages: nipy, nilearn, statsmodels, pandas, ...
Electroencephalogram (EEG)	HAPPE, MNE-Python
Statistical modeling	Machine learning: scikit-learn, multivariate pattern analysis (MVPA), connectome-based predictive modelling (CPM); Bayesian statistics: pyJags, pyStan; Misc: R, SPSS, python-packages (NumPy, SciPy, ...)
Reproducible science	Git/Github, JupyterLab, Singularity, SLURM HPC systems
Stimuli preparation	PsychoPy, PsychToolbox, Presentation NBS, E-Prime, ImageMagick, FantaMorph, ImageJ
Laboratory	Eye-tracking, BIOPAC, BIAS, CANTAB
Clinical	Licensed clinical psychologist for: diagnostic interviews, psychological and counseling support for individuals and groups, neurocognitive testing, psychological testing

Languages

English: Fluent
Spanish: Fluent
Italian: Native
